Info:

This re-Planer was created for my own use.

I tried to make re-Planer a complete tool for work, personal or school activities.

This is the first phase where I will be expanding and adding to it for other needs over the next year.

The first phase includes complete approaches for work workflow (annual calendar, quarterly overview, monthly overview, weekly overview, daily overview, notes, bullet point, project sheet, meeting sheet or for example Ishikawa diagram and Brainstorming, ...)

In the next phase, I will focus on the fun part in the form of travel, party planner, overview of movies seen, books read, music, stickers for drawing, also health, cycle tracker, notes for contacts, important passwords, finances, etc...

I hope you enjoy and find the notebook useful.
