

Paul Guermonprez

Innovation Manager - Focus on AI and CyberSecurity

Objective

I want to solve problems that matter with people who care.

I am a seasoned innovation professional with proven experience in IT, software, artificial intelligence and information security. 26 years of experience managing innovative projects in various fields: big data for two human biotech startups, high performance computing and AI for Intel, managing Intel's academic program, teaching innovation at university, developing civilian/military autonomous systems and cybersecurity.

I typically deliver results by leveraging a strong technical understanding of problems with an analysis of human and organizational bottlenecks.

Certs: CMMC-CCP (CCA in progress). CISSP, CISM, CMMC-RP, CEH, CNDA, AWS-SCS Security, AWS-SAA Architect, Azure Fundamentals, Azure AI Fundamentals.

Experience

- 2020–present **Procter & Gamble, Innovation and CyberSecurity Director**, San Francisco, CA.
As Innovation Director: counseling on the future of tech/IT, organizing the external innovation onboarding funnel, relations with VCs and technological due diligence for hundreds of startups a year. Main customer is the IT leadership team and the CIO. Current focus on AI/MLOps, GenAI productization, Quantum Computing for chemistry and cloud native/k8s architectures.
- 2017–2019 **Intel - Innovation Group, Software/AI Autonomous Drone Architect**, Santa Clara, CA.
As solution architect: designed and co-developed autonomous drone solutions for major US/EU clients in the aerospace/logistics/energy/defense sectors. Managed the cybersecurity and risk management for a SAAS AI solution used by both private and government/defense clients.
- 2017–present **Toulouse University, Lecturer**, Toulouse, FR.
Created and teaching a module on innovation and entrepreneurship for the IoT course.
- 2006–2017 **Intel - Software Group, Senior Innovation Engineer / Project Manager**, Toulouse, FR.
As solution architect: co-developed innovative solutions with industrial partners, start-ups and universities in the fields of IoT, HPC, AI. Ex: Intel AI-AR glasses for Airbus Smart Factory demoed by Intel CEO Brian Krzanich. *As program manager:* Managed Intel's academic program for the EMEA region including tech transfers, joint RnD, course development and teaching. Managed Intel's Software ecosystem building efforts focused on AI, IoT and HPC.
- 1999–2006 **Nautilus Biotech, Integragen, Data Scientist in BioTech**, Evry, FR.
From RnD to production: developed large scale laboratory information management systems and MLOps pipelines leading to the discovery of new genes involved in diabetes and autism, first trials in gene therapy and personalized medicine solutions used on patients.

- 1997–2001 **Lane et Guermonprez, CEO / Software Developer**, Paris, FR.
Co-founder of a Start-Up specializing in data science analysis for the biotechnology sector.
- 1998–1999 **Genethon, 1 year internship followed by full-time contract**, Evry, FR.
Developed Java1 software to study and represent vectors used in world-first human gene therapy.
- 1999–1999 **Institut Pasteur, 6 months internship in immunology**, Paris, FR.
Unit of Biology in Immune Regulations, studying Bordetella pertussis (whooping cough bacteria).

Publications and Conferences

- 2018 **Industry group: INTERPOL Drone Expert Group Panel, Member**, Singapore, SG.
Study of the impact of drones on illegal activities and appropriate countermeasures.
- 2015–2017 **Thesis: Master of Science by Research, Continuous education/research**, Toulouse, FR.
Design Thinking Workshops to resolve dialectic tensions in Disruptive Innovation Teaching.
Recorded talk: Link:paul.guermonprez.eu - Toulouse University
- 2016 **Conference: Airbus-Intel-Pivothead AI-AR glasses, Product lead**, San Francisco, CA.
Intel AI-AR glasses for Airbus Smart Factory demoed at IDF2016 by Intel CEO Brian Krzanich.
[Link: Demo Video on Youtube, by CNET](#)
- 2016 **Conference: Microsoft-Pivothead AI-AR glasses, Consultant**, San Francisco, CA.
Pivothead AI-AR smart glasses using Microsoft Cognitive Services for vision assistance, presented by Microsoft CEO Satya Nadella. [Link: Demo Video on Youtube, by Microsoft Research](#)
- 2014 **Conference: Drones and Human Rights @ United Nations, Presenter**, Geneva, CH.
Presenting at the United Nations in Geneva, during the session on Drones and Human Rights.
- 2014 **Book: Les Drones Débarquent @ FYP Editions, Author**, Paris, FR.
Book on the social impact of drones, their use in modern warfare and how they will change all industries. Several radio and print interviews, including national radio and international talks.
- 2011–2018 **Courses: Open CourseWare, Author and Curator**, Paris, FR.
15k-100k course downloads per month. HPC, mobile, IoT, embedded, autonomous drones.
- 2009 **Conferences: Copyright Law @ European and French Parliaments, Presenter**.
Representing the Internet Society FR as Secretary General on a Copyright Law panel organized at the European Parliament. Co-founder of the Création, Public et Internet initiative.
- 2008–2013 **Politics: Presidential Platform - Technology, Privacy and Law**, Paris, FR.
Head policy writer for tech/AI/copyright/security chapter of the presidential elections platform for the center party. Research, interview, collaboration with FR and EU legislators.
Ghost author for a book on politics: Collaborative writing, research, interviews.

Studies and Certifications

- 2021 **InfoSec, CISSP, CISM, CMMC-CCP (CCA in progress), CEH, CNDA, AWS Security**.
- 2023 **Microsoft Azure, Fundamentals, AI Fundamentals**.
- 2019 **Amazon Web Services, Solutions Architect (AWS-SAA), Security Specialty (AWS-SCS)**.
- 2015–2017 **MScRes - Master of Science by Research, Toulouse University**, Toulouse.
- 1997–1999 **Undergrad studies: Biochemistry and Molecular Biology, Paris VI University**, Paris.
- 1995–1997 **Medical School Student, Hopital Broussais Hotel-Dieu, Paris VI University**, Paris.

Interests

- Hobbies Competitive paddling (Va'a), surfski, sailing (instructor), diving, tango, cooking, guitar.
- Flying Paraglider, motorized paraglider, drones. Ultralight and drone french pilot license.
- Associations Former Secretary General for the Internet Society french chapter. Red Cross.
